Preface

Reorder Specific Product extension show all ordered products as a list which allows customers to reorder previous them without wasting time and effort.

Installation:

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory.
If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management.

Step 4: Enter the following at the command line:
`php bin/magento setup:upgrade`
`php bin/magento setup:static-content:deploy`

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Reorder specific product. The module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory.
If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management Edit
app/etc/config.php file and add one line code:
'Mageants_Reorderspecificproduct' → 1

Step 4: Disable the cache under System → Cache Management

Step 5: Once you complete above steps log out and log in back to the
admin panel and switch to Stores → Configuration → Mageants →
Reorderspecifcproduct, the module will be displayed in the admin panel.

Backend Example

After Installation of Extension login to magento admin panel to set configuration of the extension.

Extension configuration

Please go to Stores → Configuration → MageAnts Extensions → Reorder Products and expand the Settings section.
